Education

Trinity International College

April 2022 – April 2026

Bachelor of Science in Computer Science and Information Technology

Dillibazar, Kathmandu

- **Relevant Coursework:** .NET Centric Computing, Software Engineering, Database Management Systems, Web Technology

Experience

ASAP Digital By Easysewa Pvt. Ltd.

Dec. 2025 – June 2026

Frontend Developer Intern

Baluwatar, Kathmandu

- Built the frontend for a restaurant online table reservation system using Next.js, translating UI/UX designs into a functional booking flow
- Developed reservation pages using Next.js 14 App Router and React Server Components
- Integrated RESTful APIs and applied responsive design patterns, ensuring functionality across mobile and desktop

Projects

Image Tinker | *TypeScript, HTML5 Canvas, React, Zustand*

- Developed a browser-based image editor on HTML5 Canvas with React and TypeScript, supporting layers, shapes, freehand drawing, and text elements
- Implemented a Command pattern store for reversible canvas operations, enabling full undo/redo history
- Implemented layer-based editing with reorder, blend modes, and opacity controls

Skills

Languages: JavaScript, TypeScript, C#

Technologies/Frameworks: React, Next.js, Git, GitHub

Databases: MySQL

Involvement

Juniper Dev's Game Jam | *Godot, GDScript*

June 2026

- Collaborated with a teammate to design, build, and ship a complete 2D platformer within a 7-day online game jam
- Implemented gameplay mechanics and logic in GDScript, and created original game assets and music
- Practiced working under a hard deadline while coordinating tasks and integrating work with a teammate
